Fuehrer Rushes From Mountain Home to Munich

BERLIN, April 15.—Chancellor Hitler was reported tonight to have hurried from his Berchtesgaden mountain home to Munich on receipt of President Roosevelt's peace appeal today and to have summoned his foreign secretary, Joachim von Ribbentrop, to meet him there. Telephone calls to Berchtesgaden also disclosed that Hitler's chief collaborators, including Otto Dietrich, Reich press chief, had gone to Munich with him. Before Germany will make known its reactions to the Roosevelt appeal, a spokesman said, "we must first confer with our axis partner." It was learned recently telephone arrangements had been set up so that Hitler and Mussolini could reach each other at any time within three minutes.

President Offers To Act As Agent

WASHINGTON, April 15.—President Roosevelt has urged Chancellor Hitler and Premier Mussolini to assure peace for a period of at least 10 years. Mr. Roosevelt disclosed at an unusual Saturday press conference today he had transmitted messages to Hitler and Mussolini offering to act as "an intermediary" in communicating any offers for peace by Germany.

PACIFIC FLEET GETS ORDERS RETURN HOME

Naval Circles Interpret Move To Restore Safe Passage Of Sea Power

WASHINGTON, April 15.—The United States navy department unexpectedly ordered the fleet back to the Pacific today.

On the heels of President Roosevelt's appeal to Chancellor Hitler and Premier Mussolini for peace, Claude Swanson, naval attaché here, said, "When 'fueled' the fleet, with the exception of a small force, could be used for 'military operations' in the Pacific."

There was no official explanation. Naval circles were quick to note, however, that the move indicated to restore the world balance of naval power when the Armada moved into the Atlantic, leaving only a small force on the west coast.

NAZI SAVANTS CLAIM BIG CUT IN ANTARCTIC

British United Press. Exclusive Cable

BERLIN, April 15.—The savants of Nazi Germany waves over 231,600 square miles of the Antarctic continent, it was revealed Thursday with the return of the German Antarctic expedition ship "Schwabenland." The expedition was dispatched to secure German claims in the ice fields in polar zones most important for whaling. "No name has been given to the new German territory,

which was the old name for whaling."

Pope Receives

VATICAN CITY, April 14.—Pope Pius XI received in audience more than 1,000 members of the International Federation of Catholic Women's Leagues, meeting in congress in Rome.

Royal Pair Plan Alberta Resort Visit

Pictured as they arrived in San Pedro, Calif., to begin a 24-day goodwill tour of the United States are Crown Prince Frederick and Princess Ingrid of Denmark. Attired in navy uniforms, the prince was mistaken for a naval officer by one reporter.

Canadian National Park On Prince, Princess Tour

LETHBRIDGE, April 15.—Crown Prince Frederick of Denmark and his princess, Crown Princess Ingrid, are on a Canadian royal visit to Waterton National Park on June 4, according to the president's estimate of the international situation.

No long ago they landed at Los Angeles on a tour of the

Series of Inter-locking Alliances Near Goal To Block Aggression

Only Yugoslavia and Bulgaria in South Central Europe Offer Pathway For Totalitarians to Black Sea

By RICHARD MILLER

British United Press. Exclusive Cable to the Edmonton Bulletin.

LONDON, April 15.—A series of inter-locking alliances and pacts against aggression is almost completed today, under leadership of Great Britain and France. Only Yugoslavia and Bulgaria in south central Europe offer a pathway for totalitarian states toward the Black Sea and only the little Baltic states—Lithuania, Estonia and Latvia—are without guarantees in the north.

WEST WHEAT BODY PLANS SEE CABINET

Delegation To Confer On Proposed Federal Wheat Legislation

CALGARY, April 15.—The committee on markets and agricultural readjustment plans to send a delegation to Ottawa to confer with the Dominion cabinet, possibly next week, on proposed legislation which legalizes the committee established today. The delegation may be with Soviet Russia generally considered ready to aid the so-called democratic front in event of an emergency, the European press says.

TOTALITARIAN BLOC

Germany, Italy, Hungary and Spain are allied under the anti-Communist treaty to be signed between Berlin and Rome. Both Germany and Italy are totalitarian and anti-Semitic and anti-Soviet.

Great Britain and France are also totalitarian and anti-Semitic and anti-Soviet.

Their alliance is based on a speech by Foreign Minister

Gardiner, who said that Britain

is prepared to throw aside its

anti-Soviet policy if it is

offered a powerful shadow over Yugoslavia.

ANTI-AGGRESSION BLOC

No "Set" Price Proposed

Preconceived notions die hard. In one Saskatchewan community a mass meeting of merchants and farmers decided by resolution that Hon. J. G. Gardner should resign "if the Dominion Government sets the price of wheat at 60 cents a bushel."

But there has been no proposal to set the price at that or any other figure.

What is proposed is that the Government guarantee the farmer will get an advance of 60 cents a bushel, plus anything more that can be obtained when the wheat is re-sold. And, in addition, he will get a bonus per acre, not only in respect to the land he seeds to wheat, but in respect of half the cultivated land he has under production, whatever the crops grown.

The only condition under which he would not get the bonus is that wheat should go to an average price of 50 cents per bushel during the harvest and threshing months—the time of year when the price is usually lowest.

An added, and very important consideration is that the farmer would get the acre bonus whether his crops were drought, frost, grasshoppers or other pest. Under almost any conceivable conditions the half-section farmer would get more for his crop through the 60-cent advance plus the acre bonus than he got last year from the 80-cent "pegged" price.

Another Aggressor Threatens

Those who like trees and who do not like caterpillars—which surely takes in all of us—owe thanks to Professor Strickland for advance warning that the tent caterpillar is liable to visit this part of Alberta during the summer. Not only liable to come, but very likely to. When this visitor comes along, as those with average memories will recall—he comes in force, comes to stay, and leaves the trees a sorry spectacle. Fortunately he only comes about every fifteenth year. As he was here last in 1923, his schedule calls for another appearance in the present year.

It is explained that the way to fore-stall the plague is to clip off the twigs on which the moths have laid their eggs. Since moths prefer to do their laying on the higher twigs, this means some fancy ladder work for the chap who would protect his trees. But as each egg-ring contains 200 eggs or more, there is plenty of incentive to climb and clip.

Fifty Years Ago

From the Files of The Edmonton Bulletin

At a meeting of the curling club in Jas. MacDonnell's shop, the financial statement was submitted and a committee of Dr. Wilfrid Campbell Young and A. Taylor was appointed to enquire into the cost of a covered rink next winter.

The baseball club met and appointed A. Taylor and W. Patterson to committee to name members. Al. Passion and Jessie Hunter were appointed captains. The challenge of the curlers to a game was accepted.

Forty Years Ago

Speaker Reid of Maine has decided to retire from Congress.

The English element at Peking is reported to believe that Emperor William planned to make Prince Henry of Russia King of the province of Shantung.

Admiral Sampson's squadron will accept the invitation of the British authorities to visit Britain.

Canadians Are Great Traders

Canada last year stood fifth among the nations in the volume of trade done with other countries. Great Britain, with four times the population, stood first. The United States, with eleven times the population, was second. Germany, with seven times as many people, came third. France, with four times Canada's population, was fourth. Per head Canada seemed to lead the world in buying and selling abroad.

In the value of products exported the Dominion stood fourth, while in the list of importers it came eighth. The importance of our external trade to the national economy is obvious, hence the importance of seeking to expand that trade by negotiating agreements for the removal of barriers against the flow of goods. The restoration of order and normal business conditions in Europe would react to stimulate prosperity in Canada directly and powerfully, because of our dependence on foreign markets.

On a total exchange with other countries of \$1,163,177,000, Canada had a favorable balance of \$279,275,000, evidence that we are no longer trying to operate on a one-way basis, but are taking a fair amount of goods in exchange for our own. The balance of credits due us from abroad was probably not more than enough to

Current Comment

The President's Warning

LONDON: President Roosevelt's approval of an editorial in the Washington Post attacking the expansionist aims of the dictators, was hailed in the British press today as clear warning the United States will stand against aggressors in the event of war.

The Daily Telegraph (Conservative) said the President's remarks showed "that if a world war should break out, the whole strength of the United States would be mustered against the aggressor."

"The change of public opinion in our country and the abandonment of 'Solemnity' and 'Officialdom' known," the Daily Telegraph said editorially.

"Much more remarkable is the revolution in the United States from the attitude of imperialistic disgust with which the average American regarded the Japanese aggression in Manchuria to the present attitude of approval of aggression across the eastern hemisphere.

"If the aims of the authoritarian states are noted in the United States as a threat to the whole civilized world, it is the Japanese who are the most dangerous." The opinion in our own country any longer can take a narrow view of British "interests" which would bid us call the aggression of the Nazis to halt.

"The chances of our doing so without being involved in a general struggle are indeed strongly increased by Roosevelt's indication that the weight of the United States will be added to any demand that we and our friends in Europe make."

The Daily Herald acclaimed Roosevelt's declaration as by far the most important the world has heard in recent days.

"The leading article of the Washington Post," the Herald continued, "while the President was agreed to 'white' the Japanese aggression of American foreign policy, vigorously advocated that kind of co-operation between peace-keeping nations which we call collective security."

"It is a pity that fear of giving offence to nations with which Britain was technically on terms of peace. Heavy export dues would achieve the object. It is to be hoped that other democratic powers will step in the breach and the trade of the nation would suffer."

Enforcement of any such prohibition by Canada would close down the great smelter at Trail, dislocate the mining industry and injure the export of copper and other minerals. Production of private profit nations must arm their enemies. It's silly, but so perhaps will the profit system appear some day.

When the German-American Bund held its demonstration in New York recently with cheers for Hitler, Mussolini and Father Coughlin, hisses for President Roosevelt and the democracies, and strong-arm measures by 3,000 uniformed Storm Troopers for any who tried to diagrammatically with the speakers, it resulted in an enquiry by the Federal Bureau of Investigation into the activities and organization of the Bund.

At the time of the demonstration, Fritz Kuhn, the "Führer" of the German-American Bund, announced that it had 200,000 members.

Investigation reveals that in 40 posts in a dozen A.G.P. clubs there are 1,000 mechanics, restaurant workers, clerks and odd-jobs men. Kuhn himself was a chemist in the Ford Motor works, earning from 15 cents to 87½ cents an hour. The Bund had its headquarters in Munich in 1933, and served as headquarters in a machine detachment in the World War, where he was thrice wounded. He took part in street fighting against the Soviet Government after the war, joined the Nazis in 1921 and was a participant in Hitler's Munich Putsch in 1923. He has lived in United States since 1926.

This inflation of 6,617 members to an army of nearly 200,000 is the result of recruiting American Nazis, who are rare in the United States, but most hated in Quebec, dependent on whether you were Bleu or Rouge. If the former, Angers was governor and dismissed the ministry of Hôpices Mécier in 1931 for allying with the Communists. The latter, if you were a Rouge, Angers was governor and dismissed the ministry of the Interior in 1932. Personally Mr. Angers was anything but a tyrant or the organize of fascism. Indeed, he belonged to the aristocracy of French Canada, and was a man of high breeding, dignified and even neat as a squire in his attire.

Our modern slogan for Hitler's "softer hardship" is able to "take it." Across the years I have heard him say that the bulk of my own little bit of advice and teaching, "Oh, I can't stand Ability to 'stand it' is the mark of strength.

"Soft" characters are not good Christians, for friends of Christ must share his hardships. Fine rewards are promised to those who, unwhimperingly and without self-pity, endure their crosses to the end.

I like sweeping generalizations, even though I know that "no generalization is true—not even this one." Comprehensive statements sum up details into larger significance. Thus, we often hear that "the present generation is soft," that they are decadent, lacking in self-starting, though by no means altogether true.

Our modern slogan for Hitler's "softer hardship" is able to "take it." Across the years I have heard him say that the bulk of my own little bit of advice and teaching, "Oh, I can't stand Ability to 'stand it' is the mark of strength.

"Soft" characters are not good Christians, for friends of Christ must share his hardships. Fine rewards are promised to those who, unwhimperingly and without self-pity, endure their crosses to the end.

Now, O Father, save us from becoming weaklings. Make us day by day, strong in the Lord and in the strength of His might Amen.

Read II Timothy 2:18.

To fight if need be . . . It is now the axis powers' move!

—Louise Owen, in New York Post.

LULLABY: 1939

Rockabye, baby,
Sweet little feller;

When sirens blow
And bombs fall in the cellar.

When all round
People grieve hell-skeller,

We'll dash for the steps
To our old home again.

Over the house burst
The big sky stars to fall.

Down will go mother,
And baby, and all.

—Louise Owen, in New York Post.

Third party leaders always speak derisively of the "old line parties"; they love to dwell on the words as if there were opprobrium attached to them.

The truth is, Canada has been wisely divided under the two party system, because you cannot have responsible government without efficient leadership—Coleman Journal.

The Passing Show

By J. S. COOPER

An 8,000-ton British freighter, Temple Bar, lies awash on the jagged rocks off the coast of Washington, and there are no fears being shed by friends of the Chinese people. The ship was making her first attempt to take on bunker oil at Coates on Vancouver Island, with her holds full of scrap

SCRAP IRON iron for Japan, when she went aground in a fog. No fault of the Chinese people.

It had been 31 years at least since a major ship had run aground at a map. At times a strong ocean current sets in to the shore, north and south of Cape Flattery, accompanied by strange compass deviations. Hence the rocky reefs on the west coast of Vancouver Island is known as "the graveyard of Pacific." and that off the coast of Washington as "the Giant's Graveyard." Experienced shipmasters keep well out at sea in misty weather till they pick up the beacon which marks entrance to the Straits.

Luckily all 35 of the crew were safe before the vessel sank. They are to be concentrated. So too are the helpless people of China who thereby are freed from 10,000 tons of bombs.

Gold in my myriad forms is the god of this world. Every aggressor nation could be stopped in its tracks by rigidly enforced economic measures. The aggressor nations—Germany, Italy, Nationalist Spain and Japan—are all weak in one spot. They must import more to make machines and oil to operate

ALL VICTIMS of the machines for mechanized murder. Yet it is impossible, short of actual war, to shut off the supply of munitions and oil to aggressors.

It is an entire nation of fear of giving affront to nations with which Britain was technically on terms of peace. Heavy export dues would achieve the object. It is to be hoped that other democratic powers will step in the breach and the trade of the nation would suffer.

Enforcement of any such prohibition by Canada would close down the great smelter at Trail, dislocate the mining industry and injure the export of copper and other minerals.

It is a pity that fear of giving offence to the people of the British Commonwealth of Nations is the people of the United States of America in the final effort to establish a true democracy of the world.

It is a pity that the German-American Bund, with its speakers, is refused entry to the United States of America.

It is a pity that the German people would reap the greatest benefit of all.

Mr. Justice can be the British public in the provincial ostrich, stick his head in the sand and dream blissfully of everlasting peace with the rest of the world. The public must be educated to the spirit of the Italian fascists and the German Nazis and that the Italians came to Albania with the sole purpose of helping their poor and indigent.

It is a pity that the Italian fascists and the English-speaking peoples of the world must be prepared to march with foot soldiers.

It is a pity that we do nothing to do what we can and must find a common cause with the people of the world to stop fascism.

It is a pity that we are to save peace and democracy.

C. R. DOWMAN, "The Thicket," Dunbar, B.C.

C. R. DOWMAN, "The Thicket," Dunbar, B.C.

On This Date

By FRED WILLIAMS

Twenty years ago today (April 15, 1919) there died Sir Auguste Reclus, who was at one and the same time a geographer, a historian and a socialist.

He was the most hated man in Quebec, dependent on whether you were Bleu or Rouge. If the former, Angers was governor and dismissed the ministry of Hôpices Mécier in 1931 for allying with the Communists. The latter, if you were a Rouge, Angers was governor and dismissed the ministry of the Interior in 1932. Personally Mr. Angers was anything but a tyrant or the organizer of fascism.

Indeed, he belonged to the aristocracy of French Canada, and was a man of high breeding, dignified and even neat as a squire in his attire.

On April 15, 1919 he played his part in the downfall of the Bowell ministry. He disagreed with the leader of the Conservative party in his handling of the situation, and when he was asked to resign he did so.

Mr. Angers came to the aid of Sir Charles Tupper in the futile effort to save the Conservative party in his last days.

He was a man of great influence, and when he died in 1919 he was mourned throughout the country.

A business man complained that when he offered his seat in a bus to a young lady she just gave him a look of surprise and remained silent.

He ought to have known better. A woman who is not interested in politics does not care for politics.

Seeing one of the boys who sat next to him on the bus, he asked him, "What do you dream about?"

The boy replied, "I dream about being a pilot." The man said, "That's a good dream."

Seeing another boy, he asked him, "What do you dream about?"

The boy replied, "I dream about being a pilot." The man said, "That's a good dream."

Seeing another boy, he asked him, "What do you dream about?"

The boy replied, "I dream about being a pilot." The man said, "That's a good dream."

Seeing another boy, he asked him, "What do you dream about?"

The boy replied, "I dream about being a pilot." The man said, "That's a good dream."

Seeing another boy, he asked him, "What do you dream about?"

The boy replied, "I dream about being a pilot." The man said, "That's a good dream."

Seeing another boy, he asked him, "What do you dream about?"

The boy replied, "I dream about being a pilot." The man said, "That's a good dream."

Seeing another boy, he asked him, "What do you dream about?"

The boy replied, "I dream about being a pilot." The man said, "That's a good dream."

Seeing another boy, he asked him, "What do you dream about?"

CAPITOL

PERSEVERENCE PAVED WAY TO CITY OF ROSES

Walter Wilson and Alfred Pike Spent Years Finding Suitable Stock

There is quite a story incidental to the campaign of Walter Wilson, one of the Capital theatre and Alfred Pike of Pike and Company in an endeavor to make Edmonton the City of Roses.

Many years ago both Walter Wilson and A. Pike were particularly interested in securing rose bushes which would grow well in our climate and brought in rose bushes from England, Ireland, Scotland, U.S.A., France, Germany, and the largest rose growers in Luxembourg.

As generally believed, it is not unusual for a rose bush to live but that in the following year freezing afterwards. In the old days it was believed rose bushes should be dug up and transplanted to meet our abnormal climatic changes in the spring of the year.

This was done for many years but it was found that a rose bush grown on its own root did not do well. It was then discovered which would successfully withstand our climatic conditions and it is upon this knowledge that the rose stock that Pike's rose bushes are budded.

NEVER STOCK

For many years this rose stock or briar was introduced for "Pike's roses". Walter Wilson had one of his communities thought in mind with respect to the other, who would be possible to offer it at a price within the reach of all gardeners and in particular those who could afford to pay.

However, it was found possible to offer rose bushes at less than half the price of Wilson's roses. Walter Wilson to definitely state that he could dispose of not less than 5,000 bushes on this basis.

It is now seven years since this campaign was started and it only needs to be mentioned that perseverance can do wonders. In the past few years it has been possible to offer rose bushes at a price of \$6.00 to \$10.00 rose bushes to garden lovers at a special low price within the reach of everyone.

MAKES LOVE LOW

Carelessness Cause of Most Fires Chief Says

"Bribs found in corners of city houses during the winter is a unit, but far more important than that—it is a real menace. Most fires in houses in this country are caused by rubbish," he was quoted by Acting Fire Chief James MacGregor, of the city fire department.

Carelessly allowing rubbish and inflammable material to gather in corners of houses is the reason for most of the fire alarms sent by the fire department, and therefore the fire department is asking citizens to do their share in the job of their homes when citizens clean up on the annual spring clean-up.

For example, he said, it is noted that the number of alarms decreases tremendously following an organization campaign against fire hazards in homes.

TAKES PRECAUTIONS

To assist residents of Edmonton to make their homes safe from fire the fire department has prepared a series of precautions to be taken. They are:

1. Inspect your home carefully for fire hazards or better still, call the fire department and have them do the inspecting.

2. Remove rubbish from corners and in cupboards.

3. Teach members of the family the dangers of home fires.

4. Teach every member of the family the location of the nearest exit from the upper and lower floors of the house.

5. Learn the location of the nearest fire alarm box.

6. Always sleep with the windows open first, especially those of children who may have become territorial.

7. Be careful when smoking and do not throw any lighted matches away.

8. Never use gasoline to start a fire in a stove, and be especially careful how inflammable liquids are stored in the home.

9. Avoid short circuit electric wiring.

10. Keep a constant check on the heating system for clogged pipes.

11. Store matches in wooden containers for hot ashes.

COULD AVOID HALF

The Edmonton fire department

answered 704 alarms in 1938," said

Chief MacGregor, "and fully half the number could have been eliminated by reasonable care.

"Co-operation of the public is essential in reducing the fire toll," he concluded. "May we have that co-operation?"

ICE Refrigeration

Constant cold

Ice cubes

Ice trays

—iceless

—made in 3 to 5 minutes

From moist to dry

—no drying of foods

Clean, washed air

—no transfer of odors

—no covered areas to clean

Can't break down

A lifetime of service.

ICE-moist Air . . .

In the ice-moist air of the modern Air-Conditioned Ice Refrigerator there is no loss of flavor. The ice-moist air remains moist longer than in other types of refrigerators—without wrapping or covering. Meats stay juicy and full flavored—vegetables keep their garden freshness—leftovers taste as appetizing as when first prepared.

Ice-cold Air . . .

The temperature of ice does not vary—it remains constant and constructed so that it takes full advantage of the "natural" cooling power of ice. The ice-moist air is constantly circulated at all times. Its low operating cost and many starting features will surprise you!

Prepare to Welcome Their Majesties and 100,000 Visitors

Save By Planting Flower Seeds

By DONALD GRAY
Editorial Comment
THE only reason for planting annual flower seeds indoors instead of outdoors is so as to increase the time of blooming outdoors.

Most varieties of annual flower seeds should not be planted outdoors until the danger of frost is past. This takes another month after the seeds are planted before they bloom. By growing plants under glass heat they are of

expenditure of money. There's fun in growing your own plants. Get some garden soil and screen it. Mix one-third of this soil with two-thirds of sharp sand, place it in a flat pan and put it in a hot oven for several hours. Heat will sterilize the soil. Place in the bottom of a crock or shallow box a layer of sterilized soil and a layer of peat moss if it is available. Fill the balance of the container with soil and sand until the surface of the ground is an inch below the rim. After the soil has dried out sow seeds and cover over with some sterilized screened soil and same mixture. The finer the seed the less waste.

Place containing at a sunny window. A pane of glass over the pot will help germinate the seed.

When the seedlings show their second leaves, transplant them ready to be transplanted.

Repeat the soil sterilization and use pots or wooden flats. Transplant each way to develop a real inch in each way.

I am no longer able to keep the glass covering on and if the seedlings begin to grow at an angle towards the light then place a piece of black paper over the side of the pot so as to reflect some of the light.

As the seedlings grow pinch out the leading stem so as to make the plant less high and delicate and more hardy and bushy.

The seedlings can be transplanted again into individual pots, then they will just as well if transplanted directly to the open ground after the danger of a frost has passed.

When planting outdoors use each hole a small amount of water before planting. If a hot day cover the top with newspaper or small basket.

Section of pot filled with soil ready for planting seed.

Covering seed with screened soil and sand mixture.

Transplanting seedlings to another pot after first true leaves have developed.

blooming size when set out in the garden, they can be planted. At best the gardener will be limited number of weeks during the year when he can have annual outdoors. So it is an advantage to start the seedling period as early as possible.

These annual flower plants can be purchased from a greenhouse or commercial grower, but this series of garden articles is on the subject of how to get the most for the least

Sufficient Laws For Totalitarian State In This Province

CALGARY, April 15.—J. Chamberlain, Calgary barrister, in addressing the Calgary board of trade Friday asserted that there is no need for the Legislature to pass any new laws on the statute books of Alberta to make the province a totalitarian state in the full sense of the term.

Only apes and humans catch colds.

GROUT SEEKS BEAUTY TITLE FOR EDMONTON

Deputy Mayor Urges All To Co-operate in Effort At Cleaning Up

A drive to make Edmonton a "city to be proud of" was urged by Deputy Mayor Douglas A. Grout, in giving hearty support to this spring's annual clean up campaign. Edmonton can be made the most beautiful city in Canada.

"More than April 17, is the start of the clean up, paint up campaign, and the commissioners and administrators of the city and the efforts of our citizens to make the capital city of Alberta one of the cleanest cities in Canada," the acting mayor said.

With our natural surroundings, we could make the city one to be proud of, and one to be envied by other. The community leagues, situated as they are, covering the whole city, could be divided up and judged for the best efforts.

Campaign Supporters

DEPUTY MAYOR GROUT

FIRE CHIEF MACGREGOR

way in itself to beautify the city for the royal visit.

"Each citizen should buy a garbage can and paint it each year. This will make it last longer. Start in immediately and let us all bid him 'Yours for a city to be proud of for its cleanliness,'" he concluded.

Anually, 22,000,000 postal money orders are sold in England.

Calcutta Drier

CALCUTTA, April 15.—Calcutta's irrigation department has been strengthened by the shrinking of the Hooghly river and the Bengal government irrigation department is seeking a resolution for the serious situation.

HELP PROTECT YOUR CITY FROM FIRE!

IMPORTANT!
You Must Secure a Permit Before Burning Your Rubbish
The City By-law requires that you secure a permit from your nearest fire hall before burning rubbish. The permit is FREE.

Be Careful of Fires!
James MacGregor, Fire Chief.

THE LOCAL BOARD OF HEALTH

congratulates the Junior Chamber of Commerce for their example in responsible citizenship

Community cleanliness, even as personal cleanliness, is essential to good health. The clean yard and lane with no collection of garbage or refuse is not only pleasing to the eye, but is a detriment to obnoxious odors and flies and vermin which breed in such material.

For your safety and comfort and for our peace of mind, your Health Department urges all householders to assist in cleaning up the winter's debris from our city and in eliminating the health hazard of exposed garbage at all times.

G. M. LITTLE,
Medical Officer of Health.

George VI. Appears On New Stamps

By THOMAS HAWLEY
OTTAWA, April 15.—His Majesty the King is back in uniform again—at least on Canadian postage stamps. King George VI is the first King of Canada to appear on Canadian postage stamps in color. The new issue of Canadian stamps depicts His Majesty with white collar and dark tie and tasseau suit. In the stamp, it is to be noted, the royal visit the King is back in uniform.

UNIFORMED
Save when the first post of postage is used, the King has always been shown on Canadian stamps as wearing a uniform. Sometimes he is in full dress, as on the occasion when King George V appeared on Canadian stamp in honor of his visit to the British Navy as indicated by the insignia on his collar. As the King is always Admiral of the Fleet the picture is not quite accurate, but of the Prince of Wales, the period when he was actually a Captain.

The King appears on the current stamp in a dark gray suit, white shirt and collar and tie—a type of attire that would be suitable for a hair-brushed back, clean-shaven face representative of the average man in the street. Empire than would be an Admiral, a Field Marshal or an Air Marshal.

NO EDWARD VIII STAMPS
One King of Canada, King Edward VII, has not appeared on Canadian postage stamps and will never, save one occasion when he visited Canada, as he was posthumous on the 5 cent stamp of the Jubilee issue. An issue of Edward VIII stamps was proposed and the test sheet was printed, but the plates had been destroyed and all the plates and proofs have also been wiped off. There are no Edward VIII stamps. Any purporting to be such are forged. The Jubilee stamp of the King of Canada is the only stamp of the King that has ever been issued, mapped up by collectors.

The Jubilee issue was a boom to philatelists. It produced the "Peeping Princess" a stamp of the lovely little Elizabeth. By a defect in the plate, one of each sheet of certain sheets had a tiny mark under the eye; a tear. These were so eagerly sought for that forgers made with ease of green ink, were numerous.

WAS POPULAR
The 13 cent issue showing the King and Queen of Granada was also quickly mapped up for the yachts that have since been scrapped. There are two current stamps, treasured which show the King and Queen, the stamp at the post office, the "Mounties" and the "Bluebell".

The Royal Coat of Arms, the heraldic emblem stamp of the special men show marks which look like a couple of feathers drooping from the sides. The Royal Coat of Arms, the "Bluebell" shows the famous "Bluebells" schooner, the defect being a mask like a man's mouth.

DEFECTS ARE VALUABLE
Philatelic treasures are largely to be found in defects of the printing plates. Stamps are engraved the exact size and the design repeated on plates of four 100-stamp sheets. A mark on the plate may be mapped on the stamp at that particular spot so that the defect is usually found in the same place. There was the "Cock-eyed" King George V stamp with one eye light or the "Peeping Princess" stamp with the "King Mole" stamp, a mark on the cheekbone like the "tear" on the "Peeping Princess".

The "Bluebell" and the "Bluebells" stamp, one end of the King's moustache appearing larger than the other, the 5 cent Royal Will-ham stamp had a narrow escape... some chomp.

Junior Authors' Club

Hello, Junior!

Well here is your Editor back after a three day's stay on the sick list, and we wishes right here to tell you how much she appreciates the way you responded to the call for help. We are grateful, Metheral who has been conducting our corner here feel that we have a fine group of young people who really wouldn't mind being your editor all the time, but it is no nice idea, but again, we are glad to say, we are off again. We just won't let Mr. Metheral have all the fun.

Another short story by Ruby Ashton of Bruderheim that was too long to print last week:

A BRAVE DOG

Once upon a time a master and his dog were sitting on a bench beside the door of his house. The house was a small bungalow, growing up all over it. There was a front porch across the road that ran past the door and led to the pot.

The master stopped whistling the stick he had and gazed at the children that were now playing in the yard. As he did so, he watched the child play at play his pet dog, his faithful dog's head.

He reached the top and looked around.

"Oh! It seemed so far to the ground. She teetered as she tottered, then she fell, the splashed water over her head. And there in the cream she madly dashed."

The poor little mouse had passed away.

Well, pals, we are afraid have for this week, but we hope to see a really huge pile for next week.

THE EDITOR.

"Modern" and "Mechanized", Adjectives to Describe New Circus

Ringling Heirs Streamline Big Top

By HARRY GRAYSON

NEW YORK, April 15.—Young fellows in a old business John Ringling North, Henry Ringling North, nephews of the five fabuous Ringlings, have decided to streamline the circus.

Crowds in Madison Square Garden, where the Biggest Show is opening its new season, note red, tight-fitting costumes and new acts. But it will not be until the Ringling Bros. and Barnum and Bailey Circus opens its new winter caravans for the first time in Brooklyn that it will be possible to see the effects of the North brothers' streamlining.

"With all due respect to our uncles, the circus could not expect to draw the same old way and be successful," says John Ringling North, 27, who has engineered the resurgence of the Ringling dynasty of ring and tandem.

He has streamlined it up to the times, but at the same time have preserved all its color and romance.

Ma and Ma and the kids no longer will swelter while drinking pink lemonade and eating fruit in the sun-sweated afternoon and night.

The entire seating area, accommodating 12,000, will be 100 per cent air-conditioned.

There will be a little impromptu lion-taming with two-month-old cubs—at

Madison Square Garden.

John Ringling North, left, president, and Henry Ringling North, right, vice-president of the Ringling Brothers and Barnum & Bailey Circus, do a little impromptu lion-taming—with two-month-old cubs—at Madison Square Garden.

Anatomie Cossacks (opposite figure) is killed as the woman in the world who can do a triple mid-air somersault.

Scouts Plan World-Wide Broadcast

St. George's day is an annual event of particular significance to all Scouts, all over the world. At 8:30 a.m. on St. George's Day, the patron saint of Scouting, chosen by the Chief Scout during the early pioneering days, will be honoured with a special service to be held in every Scout hall in the world.

SECOND SECTION

WINTER PAYS RETURN VISIT IN DISTRICT

Rain, Snow Is Weather
Fare-Sheet Disrupts
Airmail

With two strikes called on him and fans hollering for Miss Springfield to send him to the strike line for the second time, Winter upped Friday and cracked the next pitched weather ball for a solid win. It was a cold morning as he was still tearing around swirling snow around the bases.

Saturday morning's snow was preceded by heavy rain Friday which began early in the evening following a short shower. Total of 45 inches of mixed snow and rain fell up until 8:30 a.m. Saturday.

Forecast was "unsettled" weather.

Mainly snow on city streets made driving difficult.

A sheet storm at Edmonton which made flying conditions impossible disrupted Trans-Canada Air Lines schedules, officials reported here Saturday. The plane which was due to leave here at 10:30 a.m. from the west coast at 10:30 a.m. Saturday did not arrive until shortly before 1 p.m.

Roads in most parts of the province were reported as heavy and many drivers were unable to get through, according to reports issued by the Alberta Motor Association.

Although the snowfall in the cities after the mercury had climbed to the highest point of the year to date - 38 above at 4:30 p.m. Friday - Saturday morning's snow was 22 above and came at 8:30 a.m.

Widespread snow and rain fell during the night Saturday over the province, ranging from half an inch to two inches, while temperature varied from 30 to 38 above.

Sixth Record For Milk Set By Jersey Cow

Dawn's Duchess, a seven-year-old Jersey cow owned by Martin Brothers, South Edmonton, hung up her sixth record yesterday, which registered 14,518 pounds of milk with 305 pounds of fat during a 365-day period.

During the six-year period Dawn's Duchess has produced a total of 61,470 pounds of milk, and has set a record for a Jersey cow which registered 11,037 pounds of fat, and has been awarded four gold medals by the Canadian Dairy Council.

Another Jersey from the Martin Brothers, herd, eight-year-old Cedar Grove Girl, has registered a splendid record of 11,037 pounds of milk with 322 pounds of fat for an average of 472 per cent during the 365-day test.

Two Slightly Hurt By Cars In Accidents

Two persons were slightly injured in two traffic accidents Edmonson Friday.

Neale Mitchell, 9 Villa Lauder apartments, suffered a bruised leg, scratches on his head and her car was damaged when she hit the side of a moving auto at 103 street and Jasper avenue at noon Friday.

John McInnes, 9260 105th Street, was slightly hurt when he was struck by a truck at 15-minutes past 10 a.m. at the intersection of Jasper and 105th.

The woman's coat caught in the door handle of the car when she was thrown to the pavement.

C. Y. Hicks, 10404 143 street, hurt his right arm when he fell from his bicycle at a truck at 103 avenue and 100 street at 9:30 p.m. Friday. Hicks, riding home from work, was hit by a car which had been marred by accidents or trouble at the time. The woman's coat caught in the door handle of the car when she was thrown to the pavement.

ACTING MATOR GROUP is beginning to plan what it would like the Edmonton horsey fair and would be profitable if we could bring the General's Cup.

It would be a great success if we could have a game show at the arena.

What do you think? The reporter asked today. Here are the answers.

C. Y. Hicks, 10404 143 street, hurt his right arm when he fell from his bicycle at a truck at 103 avenue and 100 street at 9:30 p.m. Friday. Hicks, riding home from work, was hit by a car which had been marred by accidents or trouble at the time. The woman's coat caught in the door handle of the car when she was thrown to the pavement.

TWO FEWER Cases

Two new cases of fever patients were admitted to the isolation hospital Friday, a city woman and her two-year-old son. It was reported that the woman was admitted to the medical office of health.

Owners and operators of three-story rooming houses in Edmonton that are without proper fire escapes, are being warned by Fire Marshal to bring their premises into proper condition within 30 days to avoid prosecution. In the current campaign, 20 owners have already been warned.

SPECIAL Sunday Dinner

Mother will enjoy it. Served from 5 to 11 in pleasant surroundings.

In the Hotel Merritt Pharmacy Jasper Ave. at 105 St.

DECK

JOHNSON PHILLIPS, hockey author, said: I know the people of Edmonton would appreciate seeing this famous team play and I know they would be interested in the visit of Billie "Bills" Taylor playing centre ice. . . .

JIMMIE DEAN, cleftish, I think it would be a great idea. Edmonton fans would be given a chance to see the best amateur hockey player in Canada, Billie Taylor, and a wonderful team backing him up. I think it would be a great idea to see the calibre of hockey being played in the east and in the west. If any one has any ideas, let me know. I would be happy to hear them. The weather is fine. To hell with the snow! Would the seats draw? You better. There would be a sell-out in half an hour.

ROBERT HARRIS, president of the British Imperial Cricket Association, was accorded a hero's welcome by the Bulova Watch Co. of Canada, who was a city visitor on Saturday. He was welcomed at the airport by Mr. Maxine Pringle, near the TCA from Toronto to Vancouver on a tour of the trip. Mr. Day and Mrs. Day, new air service was making distance seem much more possible for the extremes of Canada to be brought into close touch with each other in a few hours.

A CABBAGE that bloom in the springtime might be the result of a song inspired by a vegetable in a song, as we all know. Following in a dark corner of the vegetable bin in the basement of Mr. Maxine Pringle, near the TCA from Toronto to Vancouver on a tour of the trip, Mr. Day and Mrs. Day, new air service was making distance seem much more possible for the extremes of Canada to be brought into close touch with each other in a few hours.

GEORGE GUILDFORD, president of the British Imperial Cricket Association, was accorded a hero's welcome by the Bulova Watch Co. of Canada, who was given his third successive term as secretary-treasurer. Other officers returned by election were George Guildford, chairman of the British Imperial Cricket Association, and Frank White, secretary-treasurer. Executive officers were W. E. Wilson, T. Guilmie, G. Friend, R. Wilson and A. Evans.

TONIGHT at the SILVER GLADE

Corner 124 St. and 105 Ave.

9 to Midnight

BEST YET IS PRAISE GIVEN SPRING SHOW

Gala Event Closes In Blaze
Of Glory - Quality
Outstanding

Edmonton's 25th annual spring show closed Friday night in a blaze of excitement and officials reported it to be one of the most successful in recent years. Not only was it the largest attendance ever, but spectators canvassed during the four days showed that it was the most enteraining in years.

All were unanimous in their praise of the Lord Strathcona band, which was the most popular attraction, and the desire to have this excellent attraction play a return engagement next summer.

Comment on the improvement of the livestock was also very favorable.

HIGH SCORER

Friday night the Irving Kline Special prize for the lady scoring the highest number of points in the gymnasium competition went to Dick Hill, of the South Side Equine Club, special for the gentleman scoring the highest points in their classes.

MISSES HORN & RAY Edmonton's newest Misses Horn & Ray, consisting of Misses Landry & Sydnie barristers, until joining Royal Securities Corp., of Montreal, as manager, Edmonton, 1931; with Landry & Sydnie & District Ltd., investment dealers, 1932.

Although she was a first year conductor in Edmonton for the past 35 years, W. "Shelby" Brennan, who retired recently, now has in his possession his street cars the same as anyone else. In the picture he is shown dropping a ticket into the box of a car he boarded just in front of his home at the corner of 118 avenue and 79 street.

PRIZE TRANSFERRED

Three members of the family for the second successive year won the family group of riders class, but they had already won the cup last year and were not eligible to compete again.

Riding and Driving Club was Ridings and Driving Club was the first to receive the first prize in the prettiness costume class with her replacement.

STREET RACE

The Inquiring Reporter

Even though Edmonton is buying only the play-off series between the E.A.C. Roamers and the Ottawa Generals it has been such a factor in the heavy road schedule that the Roamers are not eligible to compete again.

It is the first time in the history of the Roamers that they have been eliminated in the first round.

What do you think? The reporter asked today. Here are the answers.

Major And Minor Notes

By John Oliver

Dozens of Edmonton music lovers and ambitious music students are turning toward the Edmonton and District Music Festival, which will be held here in the first week of May, the program features going to a definite climax this year. Entries closed on April 1 and while the exact number has not yet been determined, it is estimated that about 400 have been submitted in all forms. This is a considerable increase over the total in the last district festival, which was held in 1936. Judging from a preliminary count, there are more entries this year than ever before. The festival promises to one for the young people. The junior classes will be the chief attraction. This is a positive, healthy sign if it shows that young people are becoming more interested in and to their education. The young people, however, today, may be the leading artists of the future and it is a hopeful indication for the future that a large number are entering the festival.

The solo contests are proving popular. For instance there are four in the intermediate class competition, and the amateur service chorus event and most of the solo competitions are likewise drawing well.

As announced in this column last Saturday, negotiations are under way between the Major Galleries of London, to act as adjudicators in the choral recitation classes. Negotiations have been completed and H. G. Duran, secretary of the festival, states that Miss Gallatin will act. She is making a personal appearance at the festival and it so happened she was due to be here during the first week of May and arrangements were obtained for this important work.

Members of the Canadian Federation of Music Teachers' Associations will gather at Sa-sa-katoon on July 10-12, 1937, at Prince Albert National Park on July 12 to hold their annual convention. Guest speakers will be Prof. W. E. L. Smith, president of the Royal Schools of Music; Dr. Elton Mansfield, Toronto; Dr. J. C. G. Tupper, McGill Conservatory of Music; Dr. J. M. McDowell, Guelph; Dr. Charles R. Smith, conductor of the orchestra; Dr. Raymond Jameson, Vancouver; Dr. Gordon K. Stevenson, University of Saskatchewan; J. W. Stevenson, Dr. Arthur Maxon, governor of the University of Saskatchewan. Members of the federation will give papers at forums on matters of interest.

Josephine Check, coloratura soprano, will be presented in recital at the Masonic Temple auditorium at 8:30 p.m. on Friday, April 21, with Avenir Nizoff at the piano. The program includes The Last and the Delicate Air, Anne, The Violet, Mozart's My Mother, Brahms' Haydn, Haydn's Barcarolle, Schubert's By the River, Tchaikovsky's Impassable, Aladdin, Jessie Dow from Faust, Gounod's Florian's Song, Godard; Waltz Song from Romeo and Juliet, and Lully, Grachmanoff; The Brook, words and music by Avenir Nizoff; Maisie of Cadiz, Delibes; Il Ballo, Ardis.

On Wednesday, April 26, a studio lecture-recital will be given by Ole Halien at the Hartman Studios. The

Works Hard

HERBERT O. TURNER

Secretary of the Edmonton and District Music Festival committee, who is busily engaged on a mass of detail for the event which is to take place in the first week in May.

Girl Wanting Tough Horse

For Journey

WINNIPEG, April 15.—John Angel, 26-year-old English giant who plans to ride across Canada on a cow pony, will select his mount in the next few days. He has chosen the object of which he has been searching for a month. It is a tough mount, she said, because she didn't mind changing horses.

J. P. Hall Dies

VICTORIA, April 15.—John P. Hall, 60, English giant who died under six different conditions, was a member of the Royal School of Music. Being New York's own orchestra and probably the greatest, he was known throughout the world for his brilliant finish and his collective excellence, it is right that this magnificent musician should be remembered.

The first concert will be on the opening day of the fair, April 30.

The show opens with the Star-Spangled Banner, which will be introduced by Major Fiorello La Guardia.

The fairs will be opened by a fanfare written especially for the occasion by Arden Dill, 21, a young man who is a violinist and a member of the second violin section of the Philharmonic.

The rest of the concerts will be conducted by Hall, who will consist of Polish music, with Arthur Rodzinski, conductor of the Cleveland Orchestra, the podium. The fifth concert of the week will be Burie Marx of the de Janarie, who will present a program of solo selections on May 4. Georges Enesco the sixth of the conductors of the week, will present a program on the following day. On Sunday, May 7, Dr. Walter Damrosch conducted the final concert.

The program will consist of Beethoven's Ninth Symphony with a large chorus assisting Rossini's Stabat Mater and Wagner's Ride of the Valkyries.

The last concert will be on May 8.

The orchestra's regular conductor is Olaf Kielland, Norwegian conductor of the Philharmonic in May 1, under the auspices of the Norwegian government and with a program of Norwegian music.

The other four conductors will be Dr. Edward Johnson, conductor of the Cleveland Orchestra, the podium. The fifth concert of the week will be Burie Marx of the de Janarie, who will present a program of solo selections on May 4. Georges Enesco the sixth of the conductors of the week, will present a program on the following day. On Sunday, May 7, Dr. Walter Damrosch conducted the final concert.

The program will consist of Beethoven's Ninth Symphony with a large chorus assisting Rossini's Stabat Mater and Wagner's Ride of the Valkyries.

The last concert will be on May 8.

The orchestra's regular conductor is Olaf Kielland, Norwegian conductor of the Philharmonic in May 1, under the auspices of the Norwegian government and with a program of Norwegian music.

The rest of the concerts will be conducted by Hall, who will consist of Polish music, with Arthur Rodzinski, conductor of the Cleveland Orchestra, the podium. The fifth concert of the week will be Burie Marx of the de Janarie, who will present a program of solo selections on May 4. Georges Enesco the sixth of the conductors of the week, will present a program on the following day. On Sunday, May 7, Dr. Walter Damrosch conducted the final concert.

The program will consist of Beethoven's Ninth Symphony with a large chorus assisting Rossini's Stabat Mater and Wagner's Ride of the Valkyries.

The last concert will be on May 8.

The orchestra's regular conductor is Olaf Kielland, Norwegian conductor of the Philharmonic in May 1, under the auspices of the Norwegian government and with a program of Norwegian music.

The rest of the concerts will be conducted by Hall, who will consist of Polish music, with Arthur Rodzinski, conductor of the Cleveland Orchestra, the podium. The fifth concert of the week will be Burie Marx of the de Janarie, who will present a program of solo selections on May 4. Georges Enesco the sixth of the conductors of the week, will present a program on the following day. On Sunday, May 7, Dr. Walter Damrosch conducted the final concert.

The program will consist of Beethoven's Ninth Symphony with a large chorus assisting Rossini's Stabat Mater and Wagner's Ride of the Valkyries.

The last concert will be on May 8.

The orchestra's regular conductor is Olaf Kielland, Norwegian conductor of the Philharmonic in May 1, under the auspices of the Norwegian government and with a program of Norwegian music.

Looking Them Over

By Jack Kelly

Grads Next

Elmer vs. Billy
The Roundup

IN JUST ten days Edmonton's Grads will start their 1939 campaign in defence of the Underwood International challenge trophy—the nearest actual approach to world championship honors that it is possible to get at any time. They will be looking forward to this initial series away. It will be the highest-class Senior American Legion game from St. Louis that will be providing the opposition.

These St. Louis women are not all strangers to Edmonton and the Grads' techniques. Three of them played here four years ago with the St. Louis team known as the Shaw-Stevens American Legion club. They are Bernice Frillman, Mary Duerker and Mary Rode. Coach Eddie Davidson handled the team that came here four years ago and will be at the helm of the coming club.

Considerable interest will be given to Bernice Frillman by the Grads as they try to make up for the reverse and her record. She will be the spearhead for the Grads. She has a record of seven goals to score in six consecutive games. The Grads may accept this as a challenge and attempt to end her record here. However it will not be easy. In 1935 she scored a total of 92 points in 28 games and three of those were against the Grads. What is more, the record more points than any other player since the Grads came over did against any other team before or since—184.

If I know the Grads and Coach Ferry Page, I think they will be doing something about this when the series opens on April 23. It is going to be a mighty interesting side issue.

Coach Eddie Davidson is now attempting to arrange a second special attraction for the Edmonton version of the coming year. Details have been sent to the Canadian Press and the series approaches. Major Murphy has been up with weeks a serious foot injury and it is not all certain that he will be able to play. Any fan who has watched the Grads in action knows how much Mabel Mabel means to the club. However the balance of the team are working out regularly and playing practice games with the Boy Grads. They appear to be as fast and deadly as ever.

Backed Up Against Wall

THIS night the E.A.C. do not what may be the third and final defeat in the season in a row against opponents. According to Jack Deakin it all depends on whether or not Robson can hold off Big Taylor to close that last chapter.

There are two ways you can get to the terrible winning the E.A.C. had made in "second" that the team has got to give up to others as a result of this train trip is was so difficult to get. The other is that Ottawa Generals are a super team—one of the greatest junior squads in the entire history of Memorial cup play and that Big Taylor is the supreme phenomenon.

Remember down Thomas Jax, right about that moment of the E.A.C. will find themselves in 20,000 spectators and are sure at being given no chance to win by the Ottawa Generals. When comes the fifth round of the living hell must we realize it would require E.A.C. won. However, Big Generals have been flying in the secret when they get about.

Rounding Them Up

PFOR a really hot-baseball league conference to be the major center of interest, you among the many well-organized now. Much preliminary skirmishing may come to a head next week in an organization meeting that will start the League on its way. It certainly looks like the most interesting and educational for this season here.

It is a matter of agreement among the members of the Western Association from Olds to Moose Jaw, Red Deer to Regina, Moose Jaw and Elbowoods from Moose Jaw to Flin Flon, Shorty Coucier from Moose Jaw to Regina, the five Bentley brothers from Drumheller to Moose Jaw, Ralph Redding from Kimberley to Regina (very doubtful), Paul Hutton from Olds to Lethbridge, Regina Aces' Ross and Jim McLean from Olds with Jim Hill of Port Arthur, fast action with Duluth Geysers.

Saskatoon players are in combat next season ... Juvenile Chiefs, Saskatchewan, come as you graduate to junior company and the Western club is contemplating a return.

Victoria Dominos Capture West Hoop Championship

VICTORIA, April 15.—Victoria Dominos trounced Winnipeg St. Andrews 45-35 here last night to win the western Canada men's senior basketball championship in two straight games. The British Columbians won the first of the best of three series which opened here last Wednesday night, 42-28.

By their victory Dominos joined the Dominos final with the St. Andrews team. The final will be decided in a best of three series between Montreal Dominos and the British Columbians.

Upsetters were 10 points behind the western final when they streaked away on 80 lead and kept in front until the final minute when they were behind for the last few minutes.

They Started Well

Just as the game began it was a fast start and James Barnes found a field goal for the visiting Manitoba team. Then the British Columbians and St. Andrews took turns in baskets by Art Chapman and Dan Harkness. Barnes on the other hand was behind the lines.

They ended the first quarter with a 12-9 lead. The St. Andrews team had a better second quarter and led 26-24 at half-time. The British Columbians had a 10-point lead in the third quarter.

With Mike Howe and Art Chapman popping in baskets from the floor and with Ed Smith, Mathewson, Chapman and Barnes all hitting from the personal route, Dominos jumped in front in the third quarter which was won by 10 points. The game was to be welcome at the long end of a 38-29 minute.

Outcomes Winners

St. Andrews, presenting a vastly improved performance from their opening series, opened the second series with a bang. They were opponents brilliantly in the final quarter in a desperate effort to defend their lead. They were beaten as they outscored Dominos 18-14 in the period the early advantage.

Lawn Bowling

EASTWOOD CLUB

Seniors of the Eastwood Men's Lawn Bowling Club, organized by the late Mr. W. C. Eastwood, held their annual lawn tournament on Thursday, April 13, at the club's new home on the personal route. Dominos finished in front in the third quarter which was won by 10 points. The game was to be welcome at the long end of a 38-29 minute.

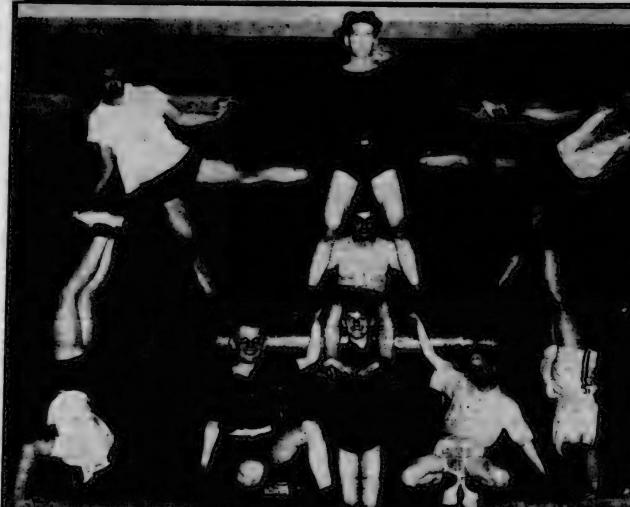

More Millionaires

Edmonton, April 15.—Commodities of Interest, Inc., are happy about the whole thing. There are ten more millionaires in Britain this year than there were last year, which means an increase of 100,000 (\$10,000,000) in income tax receipts.

BALL CAREER STARTS ANEW FOR STRATTON

By EARL HILLIGAN

Associated Press Sports Writer
CHICAGO, April 15.—A long, lean fellow with a great heart—Monty Stratton—started all over again in baseball after a year ago Monday.

Monty, 26, was well established, built up by the powerful Victoria team, and the hot bats and the hot speed. Winnipegers.

Monty, still running guard of Victoria, now counts 15 points in the first 10 games, and the scores as he toiled in 12 games, including five tie games.

Monty, with his right leg—especially blistering for blisters, and his left arm—had a chance of becoming one of the finest young players.

Chez McNamee and Dick Flewelling took the Victoria courses with twice as many points each, two more than Stratton.

Monty, who had a hand in his own comeback, is a young Jimmy Moran and Jack Tamm, and was Domonino's game.

They ended the first quarter with a 12-9 lead. The St. Andrews team had a better second quarter and led 26-24 at half-time. The British Columbians had a 10-point lead in the third quarter which was won by 10 points.

With Mike Howe and Art Chapman popping in baskets from the floor and with Ed Smith, Mathewson, Chapman and Barnes all hitting from the personal route, Dominos jumped in front in the third quarter which was won by 10 points. The game was to be welcome at the long end of a 38-29 minute.

They were opponents brilliantly in the final quarter in a desperate effort to defend their lead. They were beaten as they outscored Dominos 18-14 in the period the early advantage.

CUP OPENER

Beat Montreal Squad In Overtime Battle

By ROBERT CLARKE
Canadian Press Staff Writer

MONTREAL, April 15.—Port Arthur's fleet Bear Cats, showing entirely too much speed and deadliness around the net, beat Montreal Royal's 6-5 overtime defeat last night in the opening game of the best of five series for the Canadian senior amateur hockey crown.

Touted as speed demons, Bear Cats lived up to advance notices by perplexing Royals with a bewildering attack that brought victory on two goals by Defenceman Hugh O'Leary in overtime. The best a stout Montreal team could offer in the extra session was a goal by Pete Morris—third of the game for the little wingman.

But while Morris had compensation in speed, the Royals had compensation in western character because he was able to match them in skating ability, the remainder of the Montreal team being poor skaters compared. The triumph established Cats as favorites to take the crown last year, but the new year has seen the crown go to another tally. The swift rumpus outlasted Johnny Asheach, Royals' forward, who had been the top scorer in the series by Seguin again. Morris' third goal came in the last minute of the extra period.

But the best arena of the game came when Edgar Laprade sent the Cats ashore in the 18th minute of the third period with a goal of his own. He was the only one of his team to score a penalty. While many of the crowd of about 12,000 were busily engaged in the aisle, the rest of the fans crowded around Seguin in favor of another forward and Herve Morin, another star of the team.

One of the stars in the losing Royals cause was sturdy Pete Jokus, who assisted in scoring both goals, including the one that gave the Cats the lead in the first period. Morris' last goal was not the only one in which he was involved.

Little Morris was practically the show for Royals as he skated himself into near exhaustion. While Gordie Crutchfield and Garry Hartman were the only combination that had any success against the westerners, it is the same pair that won the game into overtime with a goal just 41 seconds from the end of the third period.

The only really "soft" goal of the game was O'Leary's first overtime tally and the one that won the game for the Royals. The defenceman, who could have turned professional at the start of the season, was the star of the game. Hockey League Canadiens, drifted off from the blue line that clip past post and beat Goaltie Taylor.

BREAKAWAY MARKER
That tally forced Royals to sweep up in a five-man attack and allowed O'Leary to break away again for another tally.

The Calgary quintet was the right to enter the western final by sweeping over British Columbia's best team from Vancouver in a two-game total series after they had defeated Edmonton Graders to take the Alberta title.

Dominions are rated as one of the most powerful squads developed in Manitoba, and the team that won the Manitoba championship over the Manitoobis earlier this year is contingent at Australia last year will oppose each other as guards in the final. The Graders are the holder of the Alberta record in spring and broad jump events, and in the 1937-38 season, the 19-year-old play guard for the Buffaloes while Robbie Higgins, who captured the broad jump and the high jumping title for Canada at the Sydney Games, is a star guard for the Dominions.

FIGHTS LAST NIGHT
First period—Montreal, Aspinwall, McCormick (O'Leary, MacArthur); #41; Penalties: Davies 2, Gordon, Jenkins 1, Hartman 1, O'Leary 1, Taylor 1, Laprade 1, Morris 1. Second period—Montreal, McCormick, King, MacArthur; #40; Penalties: Davies 2, Gordon, Jenkins 1, Hartman 1, O'Leary 1, Taylor 1. Third period—Montreal, McCormick, King, MacArthur; #40; Penalties: Davies 2, Gordon, Jenkins 1, Hartman 1, O'Leary 1, Taylor 1. Fourth period—Montreal, McCormick, King, MacArthur; #40; Penalties: Davies 2, Gordon, Jenkins 1, Hartman 1, O'Leary 1, Taylor 1. Fifth period—Montreal, McCormick, King, MacArthur; #40; Penalties: Davies 2, Gordon, Jenkins 1, Hartman 1, O'Leary 1, Taylor 1.

Calgary Buffaloes Oppose Winnipeg Team Tonight

WINNIPEG, April 15.—Alberta's senior girls' basketball champions, Calgary Buffaloes, arrived here last night for their western Canada championship tilt with Winnipeg Dominions. Manitoba's girls' basketballers. First of the two of three games in the series will be played tonight.

The Calgary quintet was the right to enter the western final by sweeping over British Columbia's best team from Vancouver in a two-game total series after they had defeated Edmonton Graders to take the Alberta title.

Dominions are rated as one of the most powerful squads developed in Manitoba, and the team that won the Manitoba championship over the Manitoobis earlier this year is contingent at Australia last year will oppose each other as guards in the final. The Graders are the holder of the Alberta record in spring and broad jump events, and in the 1937-38 season, the 19-year-old play guard for the Buffaloes while Robbie Higgins, who captured the broad jump and the high jumping title for Canada at the Sydney Games, is a star guard for the Dominions.

New Race Circuit
In Southern Alberta

LETHBRIDGE, April 15.—New racing circuit, which will open May 1, has been set up in the city. The series will open at Medicine Hat on May 26 and run in connection with the Stampede. The track will be a one-mile oval, 12 flat races will be presented.

Second race will be at Cochrane on June 21 while Lethbridge will run on June 30 and July 1. The Lethbridge race meet is planned for July 4, 6, and 7.

O. C. Football

GLASGOW, April 15.—Talbot Meldrum 23 in a minor league Scottish soccer match played on the latter's grand Friday, in a 3-1 division encounter Morton, at home, whipped Dumbarton Athletics 3-2.

"It's our new model . . . for giraffes!"

Terry Pin's Tips On

AFTER REVIEWING YOUR
CONDUCT OF THE PAST TWELVE
MONTHS YOU SHOULD ASK
HOW YOU SHOULD ASK WHY!!

BALANCE
Balance is very important in
life, particularly in business and
butcher shops.
A well-balanced man is a pleasure
to know. A man who is unbalanced
is someone who covets very
expensive car of his own design,
and causes better than his chauffeur
when he drives.

The balance of power is an im-
portant European political theory.
It is the theory that you can't
beat another guy, and later on help-
ing that other guy beat up the
third guy. Then you rob the two
of them.

Some women are very well
balanced, but these few are con-
fined largely to acrobatic troupes.

What To Do

I am having a dinner and bris-
tles at my home, and I wish you would
tell me just how to set up the
bridge tables after dinner without
the inconvenience of having an
apartment and there is not space
enough to have the tables set up
as bridge tables, so what?

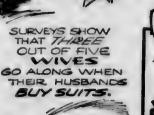

Another matter that gives me
much concern is just how I can
play bridge with all the tables
they play an exceptionally good
game. How can I arrange to place
the tables?

MRS. M. D. M.

Answer.—The fact is that you wish
to entertain without crowding, and
place your guests so the competition
in bridge is as even as possible, and
nothing to be successful. If the necessary
bridge equipment for each table
is available, then all you need is
a score pad and well-sharpened
scissors and individual tally-
marks. The best way to avoid
confusion in getting the tables set up
is to have the guests arrive early
before the game starts, so they have
time to get their tables set up. Then,
as you set up the tables, you
may tell each person where to sit
so that the tables are all equally
matched. The hostess announces
the game is now started, and partners pivot at the same
table.

Caret seeds are so minute that
287,000 are required to weigh one
pound.

Carrot seeds are so minute that
287,000 are required to weigh one
pound.

SURVEYS SHOW
THAT THREE-FOURTHS
OF FIVE LIVES
GO ALONG WHEN
THEIR HUSBANDS
BUY SUITS.

DURING
WHAT MONTHS
IS IT SAFE TO
EAT OYSTERS?

Answer.—With modern refrigeration, oysters are edible every month
of the year, but they are not at their best in quality and flavor during
the spawning season, which comes in the months spelled without
the letter "e."

NEXT: Snakes that still show signs of legs.

Snakes Of Iran

TEHRAN, April 15.—An
unprecedented explosion at
Abkenar destroyed more than 100
houses, 400 silk sheds and 34 shops.
About 200 persons were killed in the
flurry, unusual for this area
(formerly Persia).

SATURDAY, APRIL 15, 1939

PAGE TWENTY-TWO

WANT AD
HEADQUARTERS

PIONEER ON TRAM LINES IS RETIRED

Continued from Page Thirteen

entered the service of the Edmonton Transit System during his long service here he has served on all the city's different routes, but for the past 16 years had been on the blue line. A good man, always courteous and a favorite with passengers, he has thousands of friends in the city to whom he is known as "Daddy" because of his white hair and kind nature.

The motormen whom he has trained still work for him and, have given him tribute with a hearty salute every time he sees him.

"They are not taking the severe measures they contemplate with me because of anything that happened to Mr. Colonel Samuel," he said.

"They are wedded to me," he said. "They are a nice lot of men. And I am sure that when the last mail comes in, they will remove him."

He hobbies and fre-living and gardening, and now that he is free from the busyness of his trade, he enjoys a vacation in the country, and he says, "I like Edmonton and will continue to live here."

Legal Notices—

TOO LATE! TOO LATE THE SECRET SERVICE MEN DISCOVER WHAT AXEL'S MISSION WAS---TOO LATE IT'S KNOWN WHO ANNIE REALLY IS---TRUE, AXEL'S THREE PALS WILL ROAM THE EARTH NO MORE---BUT AXEL IS GONE---GONE WITH ANNIE---GONE INTO THE TRACKLESS SKY-----

OLIVER WARBUCKS! I REMEMBER NOW ANNIE KNEW A SURPRISING LOT ABOUT HIM---WHERE IS MR. WARBUCKS NOW?

NO ONE SEEKS ABLE TO FIND OUT SOMEWHERE IN THE ORIENT, THEY SAY-

IT'S A CINCH AXEL KNOWS WHERE HE IS-

YES--NO DOUBT--AND SPEAKING OF AXEL, WHERE DO YOU FIGURE HE IS?

OUT OF THIS COUNTRY BY NOW, SAFE AND SOUND--IF HE WERE NOT, OUR DRAGNET WOULD HAVE SNARED HIM BEFORE THIS--FOR THE MOMENT WE'RE HELPLESS---

BETTER KEEP HIM IN THE HOUSE NOW, FOR A WHILE--NO TELLING--HE'S LIABLE TO JUST START OUT ON THE BLIND CHANCE OF FINDING HIS MISTRESS-

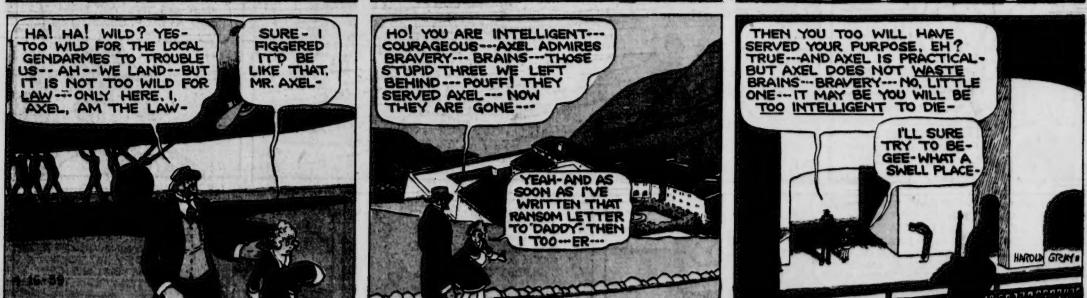

YES---COME ON, OLD BOY--NO GOOD STAYING HERE---WELL FIND HER, SANDY---AND WELL NEED YOUR HELP OLD PAL-

AND IT ALL CAME SO SUDENLY--WHY, I WAS EVEN HOME--ON THE POOR CHILD--IF ONLY WE HAD SUSPECTED--

WHAT A SCOOP! BUT THOSE WORKERS--IT WAS ALL IN THE PAPERS BEFORE I COULD EVEN THINK OF A GOOD LEAD--

GEE---IT'S SURE WILD LOOKIN' COUNTRY DOWN THERE-

HO! YOU ARE INTELLIGENT--Clever--Axel admires BRAVERY--Brave, though stupid three we left behind--Pouff! They served AXEL--now they are gone---

YEAH--AND AS SOON AS I'VE WRITTEN THAT RANSOM LETTER TO DADDY--THEN I TOO--ER--

THEN YOU TOO WILL HAVE SERVED YOUR PURPOSE, EH? THE LAND IS IN PEACEFUL--BUT AXEL DOES NOT WASTE BRAINS--BRAVERY--NO, LITTLE ONE--IT MAY BE YOU WILL BE TOO INTELLIGENT TO DIE--

ILL SURE TRY TO BE--GEE--WHAT A SNELL PLACE-

HAROLD GRAY

Maw Green

AH, GOOD DAY TO YOU, MRS. GREEN--I'VE BEEN MEANIN' TO HAVE A TALK WITH YE--

YIS, MR. PELF? GO ON--

I FEEL TH' GREAT WISH FOR A WOMAN IN ME HOME--TH' A TRAGEDY, THIS LIVIN' TH' LIFE OF A BACHELOR--I WAS WONDERIN--

YIS? YIS?

I WAS WONDERIN' IF YE KNEW A GOOD, STRONG, HONEST WOMAN I COULD HIRE CHEAP TO CLEAN UP ME HOUSE, SAY ONCE A WEEK--

THIS CURIOUS WORLD

by WILLIAM REESER

COPY 1939 BY NEA SERVICE, INC.

UMBRELLAS

HAVE HELPED MEN THROUGH APRIL SHOWERS FOR ONLY A FEW CENTURIES . . . BUT MANY OF THE SO-CALLED LOWER ANIMALS HAVE USED UMBRELLAS SINCE TIME IMMEMORIAL.

THE PARASOL ANT, OF SOUTH AMERICA, CARRIES A LEAF ABOVE ITS HEAD AS A SUNSHADE.

JELLYFISHES DEPEND UPON UMBRELLAS FOR THEIR VERY EXISTENCE/ THE UPPER PART OF THE BODY IS SHAPED EXACTLY LIKE A FACTORY- MADE UMBRELLA, AND THE CREATURES MOVE ALONG BY ALTERNATELY OPENING AND CLOSING THEM.

APES SHIELD THEIR HEADS FROM RAIN WITH THEIR ARMS, THE HAIR OF WHICH GROWS TOWARD THE ELBOW AND SHEDS WATER EASILY.

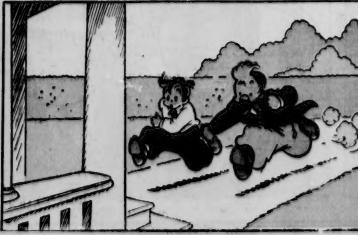

BIRDS RAISE THEIR WINGS IN THE MANNER OF UMBRELLAS, IN PROTECTING THEIR YOUNG FROM THE BLISTERING SUN.

THE TAIL OF THE GIANT ANT-EATER SERVES WELL AS AN UMBRELLA OR A BLANKET WHEN HE IS ASLEEP.

EVEN TREES USE THEIR LEAVES AS UMBRELLAS TO SHADE THEIR TRUNKS AND THE GROUND ON WHICH THEY STAND.

FRECKLES AND HIS FRIENDS

"This

Curious

old world of ours is full of strange people; strange animals; strange facts and strange fancies. Old Mother Nature works wisely and well, but sometimes her ways are too deep, too

for us to fathom. But there's a way to keep in touch with the vagaries of nature and learn the whys and wherefores of her strange ways. Daily in The Bulletin, "This Curious

World"
